

BETHEL SEARCH AND RESCUE

BOX 2633, BETHEL, ALASKA

To Report a Missing or Overdue Person Call 911 or 907-545-HELP (4357)

Bank to Bank:

This open hole near the Upper End of Kuskokuak Slough reaches the north bank at the right side of the picture and the south bank on the left side. This picture was taken at the top of the hole looking downstream. This hole is 3,700 feet long and is the same place we lost 3 people in December of 2014. The upper and lower ends have been marked by Akiak SAR.

12.19.17 BSAR River Update:

“Akiak Blizzard Busters”

A big thank you goes out to Akiak Search & Rescue for stepping up and marking open holes in their area—even in a roaring blizzard yesterday and in heavy overflow today. The map below shows the open holes they marked. Please note there are still **at least 7 open holes in Kuskokuak Slough**
